

Mohawk Kromekote C1S

Mohawk Fine Papers Inc.
 465 Saratoga Street
 Cohoes, New York 12047
 1 800 the mill
www.mohawkpaper.com

Kromekote, the legendary cast coated paper, clearly out performs traditional premium calendered coated paper. Kromekote's unique cast coating process applies three super-smooth layers of technologically advanced coating using a heated chrome casting drum to produce an extremely flat, ultra rich gloss, highly absorbent, mirror-smooth and resilient surface.

Features

- Mirror Gloss that reproduces the finest images
- Superior surface uniformity creates an ultra-flat printing surface
- Blue-White shade
- Wide variety of finishes—digital, metallic, textures, gloss, etc.

Key Attributes for Offset Printing

- Wide range of basis weights available
- High ink holdout
- Quick drying
- Mirror-smooth printing surface
- Absorbent Ink Set

Popular Applications

Detailed embossing, die-cutting, foil stamping and silk screening applications

- Cast Coated one-side
- Double Thick Cover
- C1S White Recycled has 30% pcw fiber
- Manufactured with Windpower
- FSC certified

Key Attributes for Digital Printing

- Kromekote *INfusion* HP Indigo certified
- C1S Laser High Gloss, Laser Folding Board and True Photo finishes are all approved for digital printing
- Vibrant color reproduction
- Comprehensive selection of text and cover basis weights
