for synthetic paper**

- Exceptional printability using standard inks
- Dries like paper for quick finishing
- Luxurious look and feel
- Waterproof, tear-proof, and weather resistant

Synaps®

BY AGFA

Premium synthetic paper offered by Nekoosa Coated Products

Finally. A synthetic paper that really prints like paper.

Effortless, efficient processing combined with beauty and strength makes Synaps the new standard for offset synthetics. No other product comes close to matching its exceptionally fast drying time and antistatic properties. Synaps delivers high throughput and quick turnaround, plus beautiful images and an elegant look and feel. To top it off, Synaps stands up to the toughest indoor and outdoor environments.

Setting new standards for synthetics

- Dries like uncoated paper for fast work and turn
- Beautiful, permanent images
- No special inks required
- Distinctive look and feel
- High opacity – 90+ brightness
- Chemical- and stain-resistant
- Incredible tear strength
- Waterproof and weather-resistant
- Accepts a wide range of finishing processes
- Polyester base delivers superior dimensional stability
- No grain direction
